

FLOAT

FLOAT

The Float tile range is a monochromatic collection of mosaics guaranteed to add a feeling of luxury into any interior environment. These luscious mosaics are a throwback to more opulent times but with a conventional twist, ideally at home in a boutique design theme. Available in matt and glossy finishes with an 9.3mm thickness the Float collection benefits from above average technical performance properties. Flexibility to mix and match is at the heart of this product given the range of shades and the sizes.
