CONCRETE EFFECT PORCELAIN

Litharc is a sophisticated reimagining of natural sedimentary rock, bringing together timeless elegance and contemporary design. Drawing inspiration from Belgian stone and shellstone, this collection highlights intricate fossil impressions, subtle veins, and aged textures that create a uniquely rustic-chic aesthetic. Designed for modern interiors that celebrate character and craftsmanship, Litharc pairs seamlessly with Flaviker's signature surfaces such as weathered wood, raw concrete, and industrial metal. Whether used in residential or commercial spaces, Litharc offers an elevated expression of natural beauty with the durability and performance of fine Italian porcelain.
